

PROBLEM.

- Version 3 of `minted` cannot be used for the moment as it contains bugs: see <https://github.com/gpoore/minted/issues/401>. We therefore force the use of version 2 of `minted`.

BREAK.

- The `\begin{*} ... \end{*}tdocimportant` environment has been renamed `\begin{*} ... \end{*}tdocimp` for simplified input.

NEW.

- Change log: proposed environments use icons.
- Content highlighting: colored frames with icons are proposed for the following environments.
