

## 1. Flashy content

### Note.

*Icons are obtained via the `fontawesome5` package, and text spacing is managed by the `\tdocicon` macro.<sup>a</sup>*

<sup>a</sup>For example, `\tdocicon{\faBed}{Tired}` produces  Tired.

### i. A tip

The `tdoctr` environment is used to give tips. Here's how to use it.

```
\begin{tdoctr}
  A tip.
\end{tdoctr}
```

```
\begin{tdoctr}[Mini title]
  Useful?
\end{tdoctr}
```

 Tip.

*A tip.*

 Tip (Mini title).

*Useful?*

### Note.

*Colors are obtained via the expandable macros `\tdocbackgroundcolor` and `\tdocdarkcolor`. For further information, please refer to the end of the section ?? page ??.*
