

i. Caution about a delicate point

The `tdoccaut` environment is used to indicate a delicate point to the user. Here's how to use it.

```
\begin{tdoccaut}
  Caution, caution...
\end{tdoccaut}
```

```
\begin{tdoccaut}[Mini title]
  Useful?
\end{tdoccaut}
```

 Caution.

Caution, caution...

 Caution (Mini title).

Useful?
