

1. A tip

The `\begin{tdoctrp} ... \end{tdoctrp}` environment is used to give tips. Here's how to use it.

```
\begin{tdoctrp}  
  A tip.  
\end{tdoctrp}
```

Tip. *A tip.*

```
\begin{tdoctrp}[Mini title]  
  Useful?  
\end{tdoctrp}
```

Tip (Mini title). *Useful?*

Note. Colors are provided by the extensible macros `\tdocbackcolor` and `\tdocdarkcolor`, which have the following codes.

```
\NewExpandableDocumentCommand{\tdocbackcolor}{m}{#1!5}  
\NewExpandableDocumentCommand{\tdocdarkcolor}{m}{#1!50!black}
```
