

1. What's new?

tutodoc offers different environments to indicate quickly and clearly what has been done during the latest changes.¹

Example 1 (For new features).

<pre>\begin{tdocnew} \item Info 1... \item Info 2... \end{tdocnew}</pre>	NEW. <ul style="list-style-type: none">• Info 1...• Info 2...
------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------

Example 2 (For updates).

<pre>\begin{tdocupdate} \item Info 1... \item Info 2... \end{tdocupdate}</pre>	UPDATE. <ul style="list-style-type: none">• Info 1...• Info 2...
------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------

Example 3 (For breaks).

<pre>\begin{tdocbreak} \item Info 1... \item Info 2... \end{tdocbreak}</pre>	BREAK. <ul style="list-style-type: none">• Info 1...• Info 2...
----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------

Example 4 (For problems).

<pre>\begin{tdocprob} \item Info 1... \item Info 2... \end{tdocprob}</pre>	PROBLEM. <ul style="list-style-type: none">• Info 1...• Info 2...
--------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

Example 5 (For fixes).

<pre>\begin{tdocfix} \item Info 1... \item Info 2... \end{tdocfix}</pre>	FIX. <ul style="list-style-type: none">• Info 1...• Info 2...
------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------

Example 6 (Selectable themes with an icon).

<pre>\begin{tdoctopic}{Don't look}[\faEyeSlash] % An icon from fontawesome5. \item Info 1... \item Info 2... \end{tdoctopic}</pre>	DON'T LOOK. <ul style="list-style-type: none">• Info 1...• Info 2...
----------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------

Example 7 (Selectable themes without icons).

<pre>\begin{tdoctopic}{End of icons} % This is where the point needs to be put. \item Info 1... \item Info 2... \end{tdoctopic}</pre>	END OF ICONS. <ul style="list-style-type: none">• Info 1...• Info 2...
-------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------

¹The user doesn't need all the technical details.
