## i. Some remarks

Everything happens via  $\ensuremath{\mbox{begin{tdocrem}}}...\ensuremath{\mbox{end{tdocrem}}}$ , which works identically to the tdocexa environment, as shown in the following example.

\begin{tdocrem} Just one remark \end{tdocrem}	
<pre>\begin{tdocrem}     Another?     \end{tdocrem}</pre>	Remark .1. Just one remark  Remark .2. Another?  Remark .3 (Mini title). Useful?
\begin{tdocrem}[Mini title]    Useful?    \end{tdocrem}
