# The theme "color"

### I. Links

A very large link, but at least you can see it.

# II. Highlight, version and date

#### 1. tdocexa, tdocrem

1.7.0 2024-12-04 In the flow of the text, it is always useful to be able to indicate examples and comments to supplement the main content.

**Example II.1.** What to say <sup>1</sup>? I don't know, but it's nice. No ?

Remark II.2. What to say <sup>2</sup>? I don't know, but it's nice. No?

 $1.7.0 \\ 2024-12-04$ 

In the flow of the text, it is always useful to be able to indicate examples and comments to supplement the main content.

#### 2. tdocnote, tdoctip...

Depending on the context of use, it is sometimes necessary to be able to highlight content by indicating its degree of importance.

1 Note.

What to say a? I don't know, but it's nice. No?

 $^a\mathrm{Let}$ 's not forget the footnotes...

🕊 Tip.

What to say a? I don't know, but it's nice. No?

 $^a\mathrm{Let}$ 's not forget the footnotes...

Important

What to say a? I don't know, but it's nice. No?

<sup>a</sup>Let's not forget the footnotes...

**☆** Caution.

What to say a? I don't know, but it's nice. No?

<sup>a</sup>Let's not forget the footnotes...

🙎 Warning.

What to say a? I don't know, but it's nice. No?

 $^a\mathrm{Let}$ 's not forget the footnotes...

<sup>&</sup>lt;sup>1</sup>Let's not forget the footnotes...

<sup>&</sup>lt;sup>2</sup>Let's not forget the footnotes...

# 3. tdocbreak, tdocfix...

1.7.0 2024-12-04 In the flow of the text, it is always useful to be able to indicate examples and comments to supplement the main content.

وإ	Break.

# III. LaTeX codes

Typing an inline code such as  $E = m c^2 \neq \frac{3}{14}$  is useful, as is demonstrating use cases such as the following one.

```
Seeing \LaTeX\ code formatted is nice: $E = m c^2$ or $\pi \neq \frac{3}{14}$. Seeing LATeX code formatted is nice: E = mc^2 or \pi \neq \frac{3}{14}.
```

There's also a less intrusive side-by-side mode. Nice! No?

```
Seeing \LaTeX\ code formatted is nice: \\ $E = m c^2$ or $\pi \neq \frac{3}{14}$. Seeing LATeX code formatted is nice: E = mc^2 \text{ or } \pi \neq \frac{3}{14}.
```
